ULTRAHD

Introducing Medianet's newest STB, the M580 comes packed with a cache of innovative features including Ultra HD, Dolby Surround Sound 5.1, Last Watched, multiple channel recording & a whopping 1TB Hard Disk.

The new gorgeous sleek design is optimised for durability and is the first UHD supported STB from Medianet.

Introduction to UHD

4 times the definition of HD

Experience detail like never before. Discover the widest range of entertainment, sports and more, in up to four times the detail.

Dolby Surround Sound 5.1

With Dolby, bring your home theatre system to life with 5.1 Surround sound for more theatric movie experience at home.

Interface

In order to create an even better viewing experience, a new, wide-screen user interface is introduced with easy to navigate electronic program guide and on screen now and next information on upcoming programs.

Last Watched

With a push of a button now you can view your 16 last watched channels on your screen allowing you to go back and review your surfing history of the most watched channels at home.

Record More

M580 comes with 1TB of storage so that you can now Record three shows at once and enjoy plenty of space to store your favourites.

Karaoke

Another great thing about M580 is that it comes with a built-in karaoke app so now you can sing, shout, and dance to all of your favourite songs by accessing to a wide song library! Enjoying Karaoke has never been this simple. Your friends and family will love it.

The new M remote control

Equipped with a full functional QWERTY keyboard and Air mouse for easy navigation on screen, the new tactical remote is compact and definitely has more to it than it meets the eye.
